Petition

To the Legislative Assembly of Ontario:

WHEREAS the Millcroft golf course represents more than sixty percent of the community's overall green space, is home to many species of wildlife (some endangered), and acts as a flood management system, and whereas there is currently a proposal to re-zone the golf course for residential development, we call on the City of Burlington, the Region of Halton, and the Province of Ontario to work together to preserve the Millcroft golf course lands as green space for the people of the community and beyond.

We, the undersigned, petition the Legislative Assembly as follows:
